Outcome Status: 4000

Dear Mr Romeo Mangena

**Bachelor of Science - Computer Science (Year of Study 3) in 2027**
Congratulations, we are pleased to offer you a place in the above programme/s. Access the student self-service portal to accept your offer. You will be required to complete the student contract and register as a student during the January 2027 registration period. Registration information will be published on our website in November - www.wits.ac.za/registration.

Note that your selected field of study in the BSc degree is limited. Two factors are taken into consideration in determining who is given a place. The first is academic merit and applicants are ranked on the basis of this, the second is that you are required to register within the specified time frame.

Note that before enrolment can take place, the University requires you to make a first fee payment of R9340 which will be offset against your tuition fees after enrolment. You can make payment via the self-service portal or to First National Bank (FNB), Wits Student Fees, Account Number 62270551015, Branch Code 210554. Your Wits Person Number is your reference number.

If you cannot make this payment or are awaiting NSFAS feedback, you may make use of the First Fee Payment Option on the self-service portal after accepting an offer in order to register. (You will be required to pay tuition fees in full for the year by the end of June 2027.)

Students in the following categories do not need to make the first fee payment.

- NSFAS students who have received a provisional offer from NSFAS
- Wits Scholarship recipients
- External Bursary holders (If you are being funded by a sponsor/external bursary please ensure that you have contacted the Financial Aid and Scholarships Office to make sure that your sponsor has made arrangements to pay your fees).

We confirm that this offer has been made on the basis that the information provided in your application is both true and correct. The University will verify any information/documentation submitted and reserves the right to withdraw this offer or cancel your registration at any time in the event you have misrepresented or omitted any information which may have affected the assessment or outcome of your application. Such action will be recorded against your record and reported to the South African Police Service as per the revised Legal Declaration of Indemnity and Undertaking.

PLEASE NOTE that you as a student are personally liable for the settlement of fees. Where a third party, for example your parent/s or guardian/s, is paying for your fees, you are expected to arrange for the

completion and signature by yourself and the third party of a suretyship agreement form at the Fees Office. This must be done prior to the registration period.

Your unique Person Number must be used in all correspondence with the University**.**

Yours sincerely

Ms Sarona Makwana
Head: Student Enrolment Centre
